## Tala Mosika - Organization

River of Hope is a non-profit association, registered in Buchs. I have been supervising and managing the project since its foundation in 2010. Tala Mosika is also a registered non-profit association, registered in DR Congo.

Our goal is to promote independence. "Help them, so they can help themselves and that they are in charge of their own independence".

So far two institutions have supported the project directly: financially and with reporting. River of Hope acts in the background in case of problems or misunderstandings. This way the local team learns to be in charge and gains self-confidence.

### Board of the association «Tala Mosika» (non-profit)
